## Bibliography

A detailed bibliography would double the size of this publication. Instead we are presenting a bibliography listing a few of the major individual sources along with groups or types of resources used. Extensive research has been done over the past 20-25 years searching through every possible printed material we could obtain. We have depended heavily on local historians to give clues and material. Special thanks to the following organizations: Genealogical Forum of Oregon; Metro Cemeteries (formerly Multnomah County Pioneer Cemeteries); Oregon Historic Cemeteries Association; and the Oregon State Cemetery and Mortuary Board.
