I wonder how this Greenwood, C.R. is related to Caleb Greenwood, the Virginia man who became a mountain man? Caleb was known as Old Greenwood. He escorted many wagon trains on their way to the West. Then in advanced age was called upon to help rescue the Donner Party and he was instrumental in that rescue work. He died in Calif at the age of 90 years. There are many interesting stories of this man & others as well as of Joe Meek etc. Old Greenwood married a Crowe Woman and had children. He may have had another wife but of this I do not know as this wife died when the children were very young.

Many of the Indian persons of this early census of Clatsop County also are related to the French Prairie people. So search there will help the background for a search of these people.

I wondered at the large number of Coopers (barral makers) who were in this county and also Columbia. Then I recalled all the fishermen and that explained it to me. They salted down the fish and shipped it in barrles around the horn to the eastern coast or to other countries. Many of the poeple are on board ship and may not ever again appear in our census records. Often spelling of names as all know who work in these records is in error at times as many spelled them from sound.
