Benton County

HISTORY OF THE ENUMERATION PROJECT

Historical information on the cemeteries included in this volume was obtained from the Benton County Historical Society/Museum, the 1938 WPA Historical Records Survey, and from interviews. Every effort was made to ensure the accuracy of these records. Each cemetery, except the small family burial grounds (Armstrong, Emerick, Henderson, King Family, Mays/Strouts, and Powell) was visited and enumerated. Collected data was then cross-checked with the information compiled by the Winema chapter of the Daughters of the American Revolution in 1948, records kept by individual cemetery associations and sextons, some old funeral home records, and the Genealogical Forum of Portland which provided a partial list of Civil War soldiers buried in Benton County.

Headstones were found with names that were not on any list; there were also listings of burials, but no stones. Sometimes deterioration of stones made it hard for the reader to differentiate between certain letters and numbers. For example: C-G, T-F-E, I-L, M-W, Jan-Jun, 6-9, 8-9, 3-9, 1-7. Occasionally at a death a marker was erected, then when the surviving spouse died another stone was put in place with both names on it. At times, the names of both husband and wife are on a headstone, with a death date after only one name, indicating that the other one probably was still living.

ACKNOWLEDGEMENTS

The committee wishes to express appreciation to the following individuals for the assistance and knowledge they contributed to this project: Edgar Baugher, Lola Sapp Bowen, Helen Claremont, Nada Clark, Virginia Dawson, Marcia Gilson, W.E. and Virginia Hoeye, Judy Rycraft Juntunen, Zona Moos, Ruth Hendrix Mutschler, Mary O'Brien and Janet Tunison. We also thank personnel of the Benton County Assessor's Office, Benton County Historical Museum, Benton County Public Works, and the McHenry Funeral Home.

* * * * *

The members of the Mid-Valley Genealogical Society who participated in the preparation of Vol.I were:

General Chairman.....Rebecca S. Kiger
Computer Entries.....Jean B. Grube
Graphic Designer.....Valerie K. Nichols

Enumeration, information compilation and cross-checking by:
Jean Grube, Zira Kahl, Rebecca Kiger, Lois McCarthy,
Damaris Reynolds, and Lee Rudisill.

EDITING ABBREVIATIONS AND SYMBOLS

Abbreviations for cemeteries:

AS -- Alsea	KV -- Kings Valley
AM -- Armstrong	LF -- Lone Fir
BL -- Blodgett	MS -- Mays/Strouts
CL -- Claremont	PV -- Pleasant Valley
EM -- Emerick	PO -- Powell
HE -- Henderson	SU -- Summit
HX -- Hendrix/Lobster Valley	WR -- Wren
KF -- King Family	

Symbols used in records:

- * One asterisk: no stone, added from sexton's records. (Death dates may be dates of burial.)
- ** Two asterisks: no stone, added from D.A.R. survey.
- () Parentheses: added from sexton's records. (Not used when asterisks have already indicated this. Death date may be burial date.)
- [] Brackets: added from D.A.R. survey. (Not used when asterisks have already indicated this.)
- Dash: if there is no entry for a field, a dash will so indicate. Fields are: Surname, First Name, Cemetery, Row, Description, Other, Date of Birth, Place of Birth, Date of Death, Age at Death, Inscription (4 lines), Other. In some cemeteries, the plot number is also shown.
- ~ Tilde: used AFTER a birth date. If there is only one date on a stone, it is most often the date of decease.
- // Slashes: added from funeral home records.
- <> Arrows: added from Civil War Grave Registration.
- Pr "Probably"

If information is added from an existing obituary, it is so indicated.

MEANINGS ATTRIBUTED TO VARIOUS GRAVESTONE SYMBOLS

ANCHORS.....	Hope for resurrection and eternal life.
ANGEL.....	Guardian or messenger. Symbol of resurrection.
ARROWS.....	Mortality.
BIBLE--CLOSED.....	Represents the end of earthly life.
BIBLE--OPEN.....	Represents the "Book of Life".
BUDS.....	Renewal of life.
CANDLE BEING SNUFFED.....	Time, mortality.
CHAIN.....	In a circle with one link broken, indicates the family circle has been broken.
CHERUB--WINGED.....	Innocence, spirituality.
CLOVER OR TREFOIL.....	Like the triangle, represents the Trinity.
COFFINS.....	Mortality.
COLUMNS, SPIRES.....	Implies ascension.
CORNUCOPIA.....	Symbol of the rewards in heaven.
CROSS.....	Symbol of agony, struggle, existence.
CROWN.....	A symbol of pre-eminence and spiritual enlightenment.
DOVE.....	The soul, purity and peace. Used with Christian symbolism, generally represents the Holy Ghost.
FATHER TIME.....	Mortality, the Grim Reaper.
FLOWERS.....	Brevity of earthly existence, sorrow.
FLYING BIRDS.....	Flight of the soul.
FRUITS.....	Eternal plenty.
GARLANDS.....	Victory in death.
GATES.....	Passageway to heaven.
GRAPEVINE.....	The symbol of Jesus and His protection. Grapes used for sacrificial wine.
HAND OF GOD CHOPPING.....	Sudden death.
HAND--POINTING.....	The hand of God offers salvation.
HANDSHAKES.....	Farewell to earthly existence.
HEARTS.....	The soul in bliss, love of Christ.
HOURLASS.....	Swiftiness of time.
LAMB.....	Innocence.
LILY.....	Suggests purity.
OAK LEAF.....	A symbol of faith.
PICKS AND SHOVELS.....	Mortality.
ROSE.....	A reminder that the soul achieves its most perfect state after physical death. A symbol of the blood of Christ.
SHEAVES OF WHEAT.....	Time, the divine harvest.
SHELLS.....	The pilgrimage of life.
SUNS.....	The resurrection.
THISTLES.....	Remembrance.
TOMBS.....	Mortality.
TREES.....	Life.
TRUMPETS/TRUMPETERS.....	Heralds of the resurrection.
WILLOW TREES.....	Earthly sorrow, mourning.
WINGED DEATH'S HEADS.....	Mortality.

THE GENTLE ART OF STONE-RUBBING

Scattered among the pages of this book are some examples of decorations found on tombstones located in Benton County. The original designs were rubbed directly from various stones, then photocopied and finally reduced to fit the spaces available.

Rubbings allow one to make an exact copy of a stone, sometimes bringing forth decorations barely visible to the eye. At times they can help to determine whether a worn number is actually a 3, instead of a 5 or an 8, and a month in question might prove to be May rather than Mar.

The equipment needed is simple:

- 1) Bristle scrub-brush (never metal) or a block of styrofoam
- 2) Orange-stick for cleaning out grooves (only if needed)
- 3) Pink tape, type used by hairdressers (this works as well as masking tape and does not seem to leave a residue)
- 4) Pellon (non-fusible), the kind used for medium to heavy-weight fabric (this is a non-woven fabric used to interline garments). Roll, not fold, the pellon
- 5) Heelball (black or brown wax used by shoemakers)
- 6) Pad and pencil for recording location of both cemetery and stone, copying the inscription, date of rubbing, etc.
- 7) Scissors or knife for cutting pellon
- 8) Clippers for trimming grass
- 9) Moist disposable towelettes for cleaning hands afterwards
- 10) Large plastic bag for carrying items, also to lay on the ground to keep pellon clean and dry, and/or to kneel upon

The technique is even simpler:

Choose a day that is dry and not windy. Select a stone that has the design mostly on the surface, as one that is deeply carved does not produce the best results.

NOTE: TOMBSTONES, ESPECIALLY OLD ONES, CAN BE VERY UNSTABLE.
NEVER ALLOW CHILDREN TO PLAY AROUND CEMETERIES.
ALWAYS TRAVEL WITH ANOTHER ADULT.

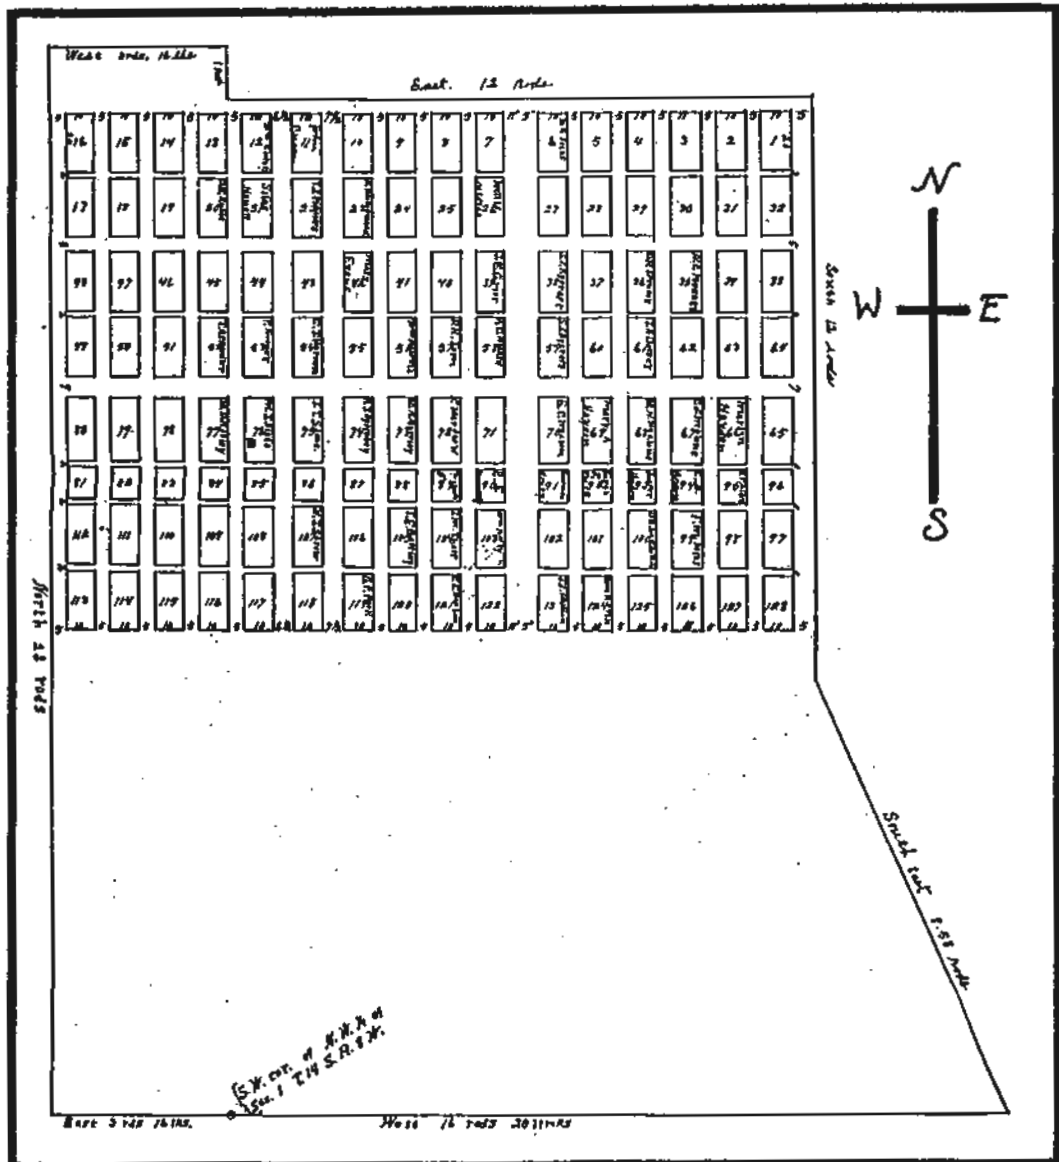

Trim away any grass that might interfere with the work. Brush off any surface dirt or lichen. Use an orange-stick in the grooves only if it is needed. Observe the stone carefully to get a feeling for the details in the design. Roll enough pellon over the stone to cover the area to be rubbed, plus some extra. Some wide stones may require two lengths cross-wise to cover. Firmly secure the pellon to the stone using the pink tape. Begin by rubbing a small area, lightly at first, then a little heavier as the design begins to appear, but ALWAYS in the same direction. Before removing pellon, feel the stone carefully to see that the entire design has been included, and check that the rubbing is of an even color. Remove the tape, record any desired information along the back bottom edge of the rubbing, then roll it up for storage. Do NOT iron. The rubbings will last indefinitely.

ALSEA

T.14 S R.8 W S.1 NW
 Enumerated on 14 September 1988

The ALSEA CEMETERY is located off Highway #34, about three quarters of a mile west of the town, on the North side of the highway. It is the largest cemetery in southwestern Benton County and the only one in the county supported by a tax levy. It is still used and well cared for.

The Alsea Cemetery Association was formed in 1905 and the land officially platted in 1908, but the cemetery was in use many years before that. Although the earliest gravestone date is 1858, there is a possibility there were earlier burials.

ARMSTRONG

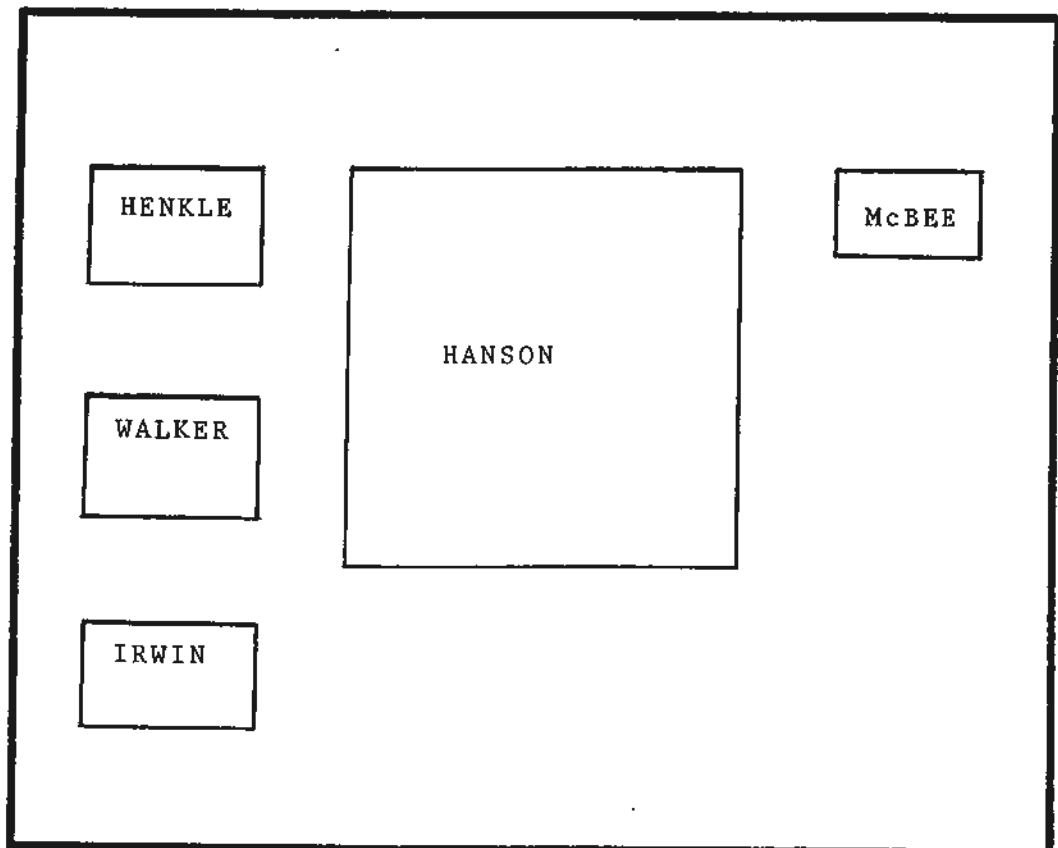

T.12 S R.5 W S.31

Copied from records made in July 1984, by
Judy Rycraft Juntunen

The ARMSTRONG CEMETERY is located on private land on the west side of Bellfountain Road about one-half mile south of the intersection of Bellfountain Road and Airport Road.

The original owner was William Henkle, who purchased the Donation Land Claim of Jacob Martin in 1867. In 1869, William Henkle's father-in-law, Michael H. Walker, died and was buried on William Henkle's property. His was the first burial in the cemetery. There are approximately 20 graves here, of these about 13 are marked. There are no Armstrongs buried in the cemetery, which is supposedly named for former owners of the property.

In 1876 William Henkle sold 130 acres in this location to R.M. and Barbara Hanson. A year after the family's move to this location, in 1877, the Hansons lost four of their six children in an outbreak of diphtheria. The graves of these children are all located within the confines of a very ornamental wrought iron fence. R.M. Hanson was buried in this plot upon his death in 1889. The fence, which is partly collapsed, was patented by Crowell in 1865. The fence was reinforced at some point by a concrete base. The wrought iron fence, one of only two in the county, may date to 1876 and should be preserved.

BLODGETT

T.11 S R.7 W S.23 SEX
Enumerated on 23 July 1987

The BLODGETT CEMETERY is located on the south side of Newport Highway #20, one and three-tenths miles east of Blodgett on the former William Blodgett Donation Land Claim. The cemetery can be reached by taking a left-hand turn off the highway onto Davis Road and from there entering a gravel road going up the hillside. The cemetery is not visible from the road.

The burial ground was established by 1876 (the earliest date on a gravestone). However, the first burial was probably Maria Blodgett in the late 1860's. The cemetery is still in use.

The CLAREMONT CEMETERY is a family burying ground. The cemetery is located on private land approximately 4.28 miles from Hoskins. The Polk/Benton County line runs through the property.

There are 8 family burials in the approximately 0.25 acre plot that is surrounded by a white picket fence. The cemetery is reached by a quarter-mile wildflower trail from the house and through a rose arbor gate. The first burial was Mary Hull (1872-1963).

Copied from the 1986

Benton County Cultural Resources Survey II

The EMERICK CEMETERY is located on private land one mile west of the intersection of Airport and Peterson Roads and on the south side of Airport Road. It is not visible from the road.

In 1861, Andrew Emerick obtained title to the former Clement Barker Donation Land Claim in this location. Andrew died in 1863, and his was possibly the first burial here. There are 16 marked graves in the cemetery, most of which are Emerick and allied families. The land was sold outside the family in 1871; however, the Emerick family continued to use the site for burials until at least 1911.

HENDERSON

T.12 R.6 W S.35 NEX
Copied from the 1985
Benton County Cultural Resources Survey II

The HENDERSON CEMETERY is located on the north edge of the Beaver Creek Community. Access is by private land and gained by a long gravel drive up a hill and through a Christmas tree farm. Today (1988) the gravel drive to the cemetery is located on the east side of Peterson Road just south of the Erwin Road intersection.

The cemetery is on land that was once owned by Perman Henderson who settled in the community in 1857. Perman Henderson first settled near Wren in 1853, but in 1857 moved to the community north of Beaver Creek and about three and one-half miles south of Philomath.

The Henderson Cemetery was started as a family cemetery, but neighbors were also buried there. The ground was never dedicated as a public cemetery. The earliest date on a marked grave is 1885, the grave of M.E. Henderson, son of William Henderson. Most notable is the grave (unmarked) of William F. Dixon, co-founder of the town of Corvallis. A plat of the cemetery was never filed with the county.

HENDRIX/LOBSTER VALLEY

T.15 S R.8 W S.6 E½
Enumerated on 26 October 1988

The HENDRIX/LOBSTER VALLEY CEMETERY is located in the Coast Range. To reach the cemetery, drive to Alsea, turn left towards Lobster Valley, and take a right turn onto Lobster Valley Road. Access is by a logging road located on the north side of Lobster Valley Road, across the road from the church.

The cemetery was established by the Hendrix family when they moved to the valley about 1917. However, the earliest death date on a monument is 1906, as the matriarch of the family had asked that when the family moved, her remains be moved also and reburied. The Church of Christ is the present owner of the cemetery.

KING FAMILY

T.10 S R.6 W S.28 NEX

Copied from the 1984-1986

Benton County Cultural Resources Survey II

The KING FAMILY BURYING GROUND is located on the former Isaac King Donation Land Claim. The site is on a hill east of Highway #223 and $\frac{1}{4}$ mile south of the Hoskins Road Intersection.

Isaac King settled a claim in this location in 1847 and was a member of the King family for whom Kings Valley was named. Isaac King's house is currently listed on the National Register.

Buried in this plot is Isaac King, his daughter Ellen, and Lillie M. Zumwalt. Lillie was the daughter of Isaac King's widow and her second husband, Andrew Jackson Zumwalt. Possibly there is a fourth, unmarked grave. Isaac's widow, Almeda is buried beside her parents, Lazarus & Martha VanBebber, in the Kings Valley Cemetery.

NAHUM and SEREPTA (NORTON) KING

Nahum King and his wife Serepta were pioneers who came to Oregon, leaving St. Joseph, Missouri, on May 2, 1845. With them were eleven of their thirteen children who had lived to adulthood. These were:

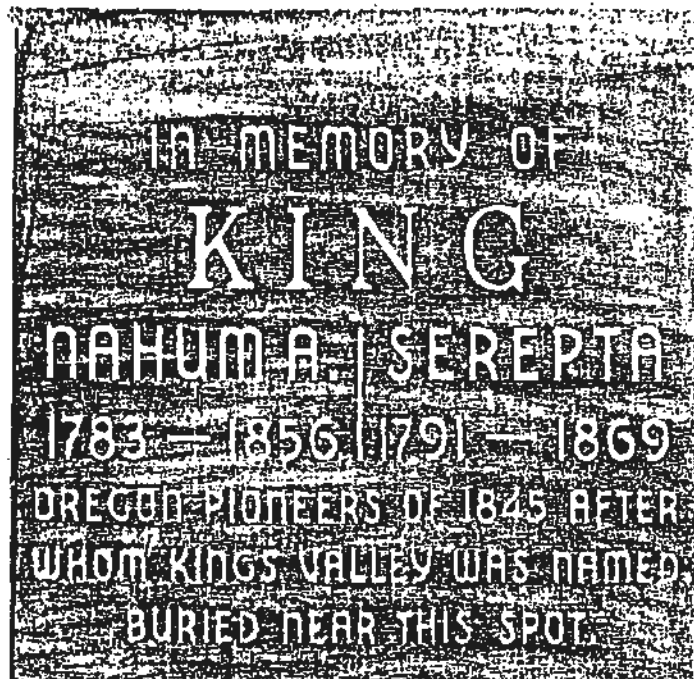

John and his wife Susan and three children
 Hopestill, her husband Lucius Norton and two children
 *Stephen and wife Anna Maria (Allen)
 Sarah and husband Rowland Chambers and two children
 plus the following children, all unmarried:
 Sons: Isaac, Amos, Solomon
 Daughters: Lovisa, Abigail, Lydia, Rhoda Ann

Coming across central Oregon, Sarah died of "camp fever". During the passage through the rapids in the Columbia River Gorge, a raft overturned and son John, his wife Susan and two of their three children drowned. The rest of the clan reached the Tualatin Plains and spent their first winter near what is now Forest Grove. Scouting for free land the menfolk followed the old pack trail up the west side of the Willamette River. They staked out their claims in the upper Luckiamute valley and the area was named Kings Valley after this pioneer family.

*Stephen died in 1852 and his widow Anna Maria King then married Stephen's brother Solomon.

Nahum and Serepta King were buried on their donation land claim, near the original housesite. Their gravemarker was of tufa stone, a very soft stone, and the inscription eroded away.

In later years, descendants had a memorial stone (approximately 24"high x 17"wide) made and planned to locate it near Nahum's claim, which is just beyond the junction of Highway #20 and the Kings Valley Highway. They were unable to receive permission from the Highway Department to set the stone as planned and so placed it instead in the Kings Valley Cemetery where it now stands in honor of Nahum and Serepta King.

KINGS VALLEY

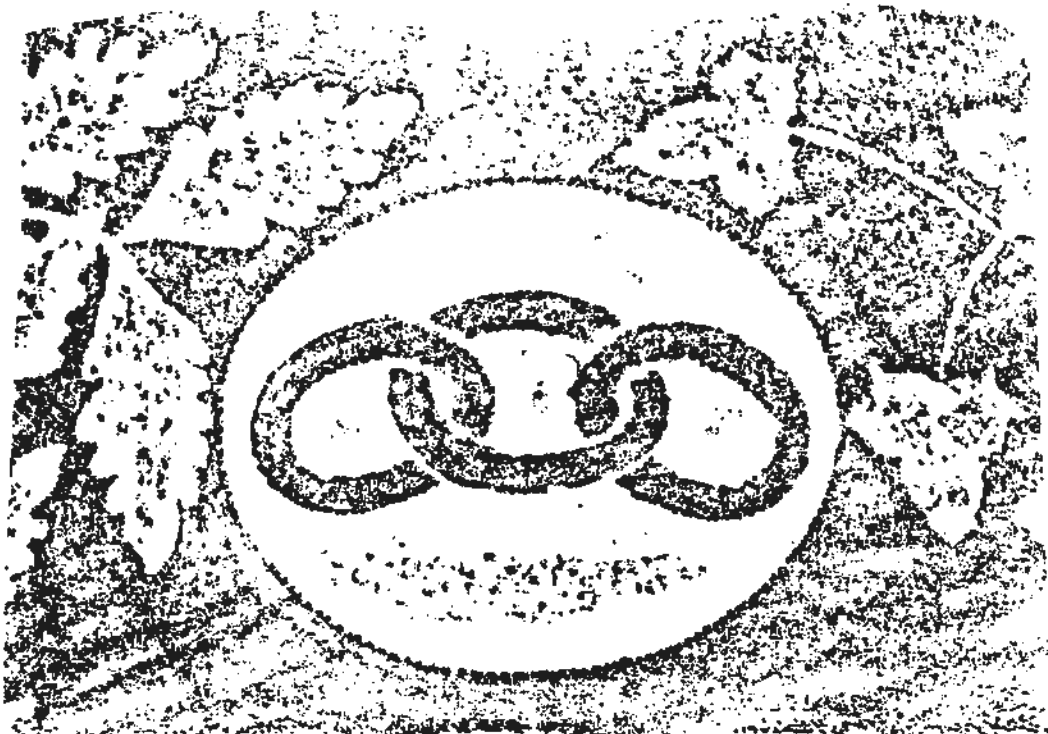

T.10 S R.6 W S.29 NEX
Enumerated on 6 July 1988

The KINGS VALLEY CEMETERY is located on the west side of Highway #223, approximately two miles south of the town of Kings Valley. The cemetery is set back from the highway about one quarter of a mile on a dirt road.

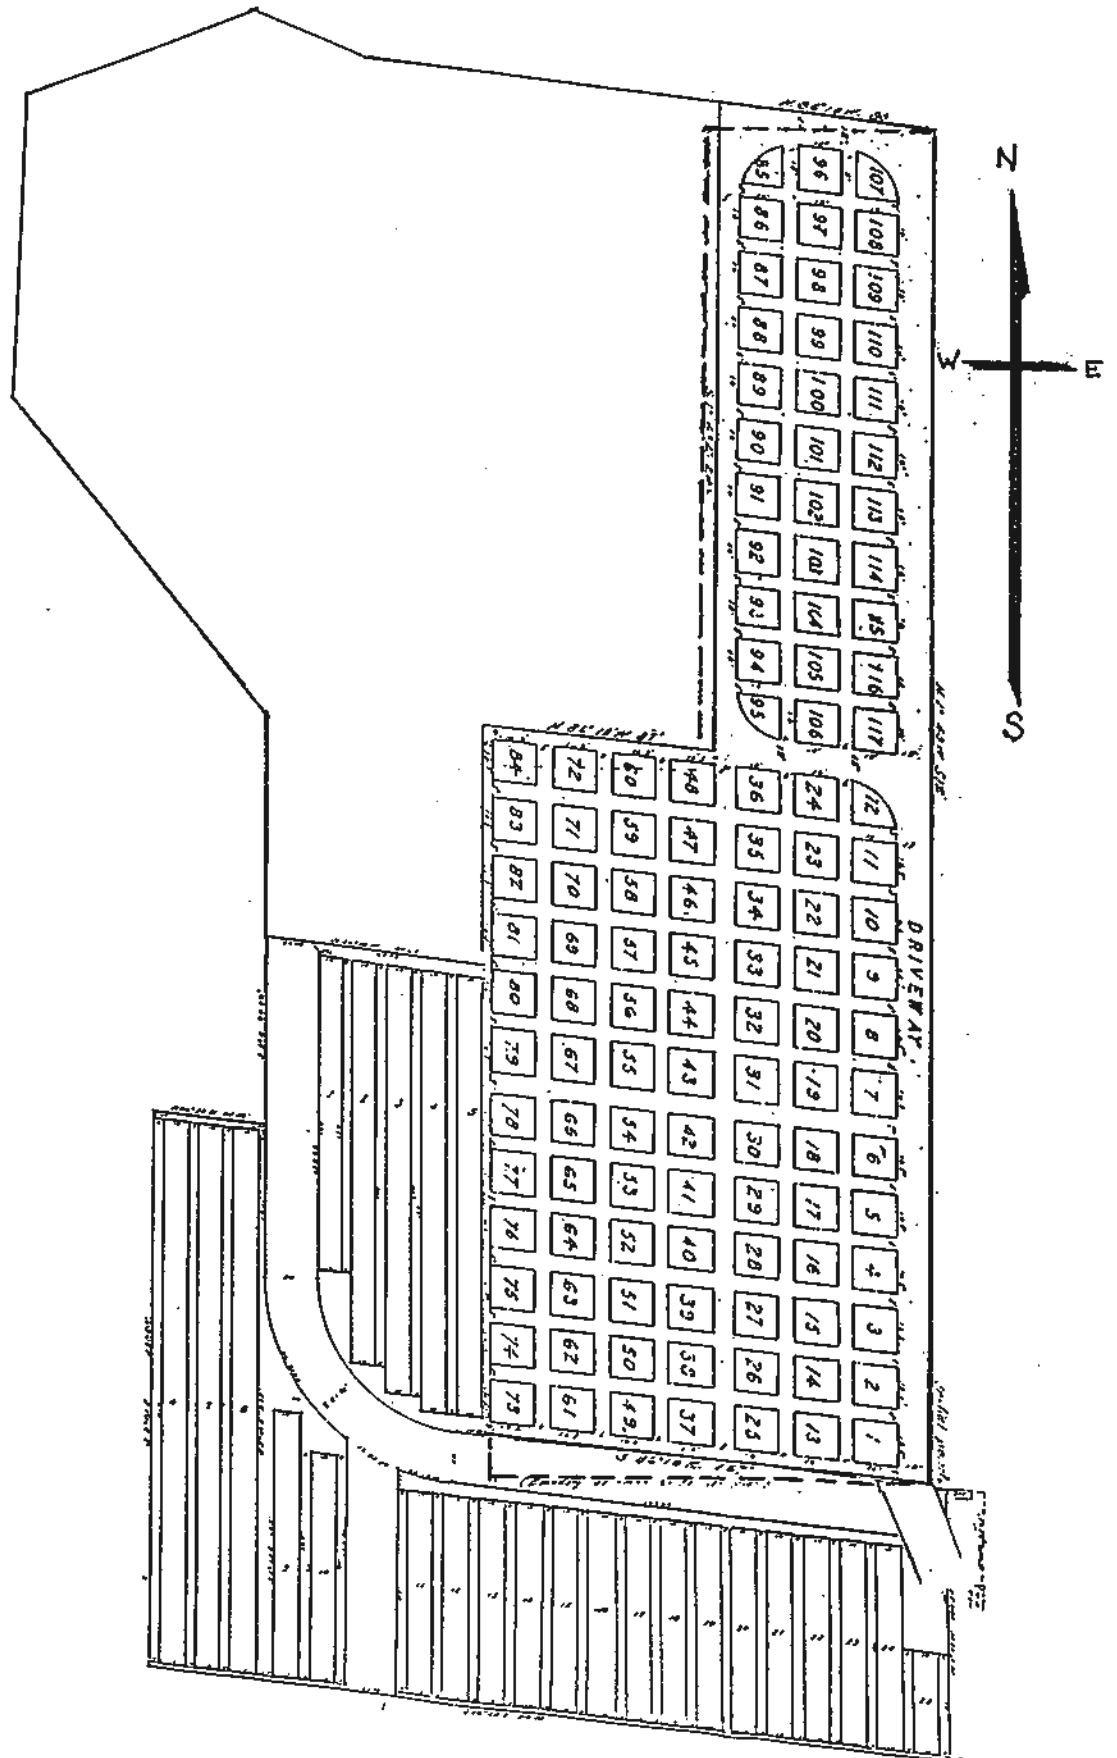

This cemetery is the second largest in the group of cemeteries situated in the foothills of the Coast Range and overlooking the river valleys. It is probably the oldest, as the first settlers were in this region in 1846 and evidently this area was used from the time of their arrival. There is a stone with an 1850 date.

The older part of the cemetery was never platted. However, in the 1930's the Odd Fellows Lodge of Kings Valley bought land to the east and south and managed the cemetery for many years. In 1961, the Kings Valley Cemetery Association was formed, which platted the new area and today (1988) maintains the grounds, which are still in use.

The 1938 WPA Survey stated that there were several graves marked by flags but with no other identification. It is thought that these were the graves of soldiers who died at Fort Hoskins. All evidence of these graves has disappeared.

LONE FIR

T.15 S R.8 W S.6 SWX
Enumerated on 26 October 1988

The LONE FIR CEMETERY is located on Lobster Creek Road in Lobster Valley. Drive to Alsea, turn left to Lobster Valley, then make a right turn onto Lobster Valley Road. Shortly before reaching Preacher Creek Road, turn right up the hill to the cemetery, which is not visible from the road.

The cemetery was established on the Sapp family homestead in the 1880's. The Sapps deeded the cemetery land to the community. According to Lola Sapp Bowen, one of the earliest burials was her father's little sister, Mabel Sapp, who died of dysentery at the age of two. The lone fir tree that gave the cemetery its name still stands near the cemetery entrance.

MAYS/STROUTS

T.11 S R.7 W S.6 NEX

Copied from records made 6 Nov. 1984, during the
Benton County Cultural Resources Survey

The MAYS/STROUTS CEMETERY is located in the Coast Range about 3/4 mile west of the town of Summit. It is situated on the north side of the Summit-Nashville road and at the top of a steep hill.

Originally the cemetery was called The Mays Burying Ground and later was called the Strouts Burying Ground, named after two successive owners of the land on which it is located. Evidently the "family cemetery" was opened to others, probably as a convenience or for good will. The oldest grave is that of Eda Margaret (1862-1872), daughter of C.B. and S.E. Mays. In 1884, S.E. and C.B. Mays deeded the land to the trustees of the Summit Burying Ground. Today (1989) the approximately one-half acre is owned by Starker Forests. The cemetery is not listed as a separate tax lot in Benton County records.

PLEASANT VALLEY

T.12 S R.6 W S.21
Enumerated on 11 November 1987

The PLEASANT VALLEY CEMETERY is located on Alsea Highway #34, approximately 3 miles south-west of Philomath and about a mile west of the exit to Rock Creek park. The road to the cemetery is on the right side of the highway and is not marked. The cemetery is on top of a knoll and not visible from the entrance.

This pioneer cemetery was established in 1854 from a one-acre plot donated by Charity Ann Rexford from the Rexford Donation Land Claim. The first burials were Lucy and Ann Rexford in 1854. The first marked grave is that of Ann Henkle, who died 28 August 1856. She was the wife of Jacob Henkle. The cemetery was platted with the county on 31 December 1914, by R.H. Gellatly, J.L. Henkle and J.E. Henkle. At this time, additional land was added to the original one acre, making a total of 4.84 acres. There are 90 plots registered for the cemetery. Each plot has spaces for 8 burials.

POWELL

T.13 S R.6 W S.3 NE¼

Copied from records made 27 September 1979, by
W.E. and Virginia Hoeye

The POWELL CEMETERY is located at the west end of Llewelyn Road. A private drive extending off Llewelyn Road is the only access to the cemetery, which is enclosed by a barbed-wire and wire fence.

This cemetery is a burying ground for the family of John Samuel Sinclair Powell and Nancy Emerine Lewis Powell. She was the daughter of David R. Lewis, an early pioneer who came to the Oregon Territory in 1845. J.S.S.Powell obtained title to land in this location from Perman Henderson in 1875. The first grave is that of Mary Cynthia Powell, born 13 January 1868, who died 28 December 1884, from a fall off a horse. The last burial was the infant son of Walter Cleveland Powell. Neither J.S.S. nor Nancy Emerine Powell are buried here, but at least nine of their fifteen children are.

NOTE: J.S.S. and Nancy Emerine Powell are buried in the New Smith Cemetery, Block 46, lot 8, graves #3 & 4. This cemetery is located in Polk County, T.9 S, R.5 W, S.1.

13	Chester Alvin POWELL b.18 Dec.1890 d.25 Dec.1890.	Pearl Leora O'BRIEN dau.of Percis Leora (14th child) twin sister of Walter Berl O'BRIEN b.29 Jan.1914 d.29 Jan.1914	Edwin CRUME grandson of Alpha May POWELL (15th child) son of Ed and Merthal(POWELL) CRUME

SUMMIT

T.11 S R.7 W S.8
 Enumerated on 10 September 1988

The SUMMIT CEMETERY is about three-quarters of a mile south-east of the town of Summit. It is on a hill overlooking the Marys River valley, and can be reached by the Eddyville-Blodgett highway.

Although the cemetery was in use by 1874, based on a date on a gravestone, a formal association was not formed for many years and the area was not recorded in the county books until 1929. It is not large, less than an acre, but is still in use and tended.

WREN

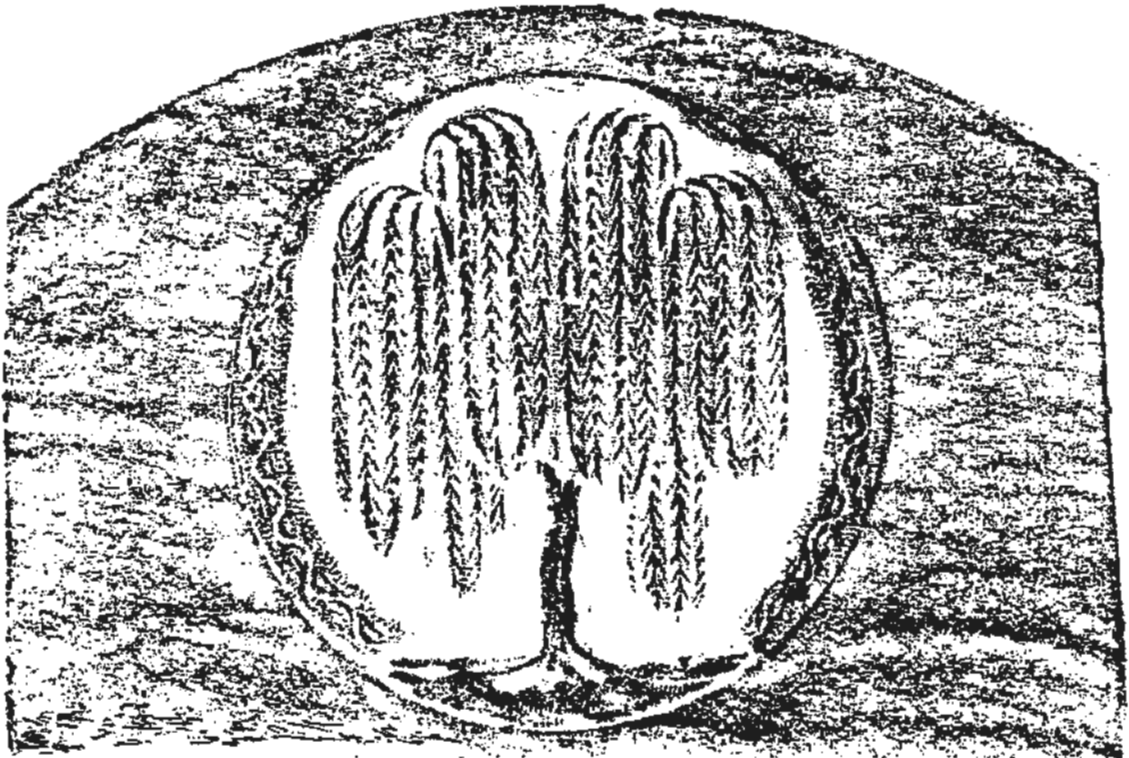

T.11 S R.6 W S.28
Enumerated on 8 July 1988 & 5 July 1989

The WREN CEMETERY is located on a hillside, off the left-hand side of Highway #223, near the town of Wren.

The land was deeded in 1859 to be used by the United Brethren Church. The cemetery shared the 5-acre lot with the community church. Donor of the land was George Wrenn, who gave his name to the railroad station and to the post office, and is said to be buried here in an unmarked grave.

The oldest stone in the Wren Cemetery marks the grave of Andrew J. Wood, son of B. & P. Wood, who died in 1857, aged 1 month and 9 days.

Two members of the King family of Kings Valley, Charles King (1848-1915), and his wife Margaret (1860-1927), are buried here. Charles was the son of Nahum King. Other pioneers buried in this cemetery are W.F. Herndon (1825-1901) and his wife Francinous (1826-1867), and James McP. Brien (1829-1873).
