The picture on the cover is of the first courthouse of Jackson County, at Jacksonville. It was build 1883-1884, and is now used for the Jackson County Museum. I have not in my searching found where the Courts were originally held in the county other than that they were held in Jacksonville. I find record for the Old Masonic Building in Jacksonville being used for a courthouse in 1859. In 1927 the County seat was changed to Medford and was moved to the old City Hall Building. In 1935 the present Courthouse building in Medford w as built.

JACKSON COUNTY BOUNDARY CHANGES

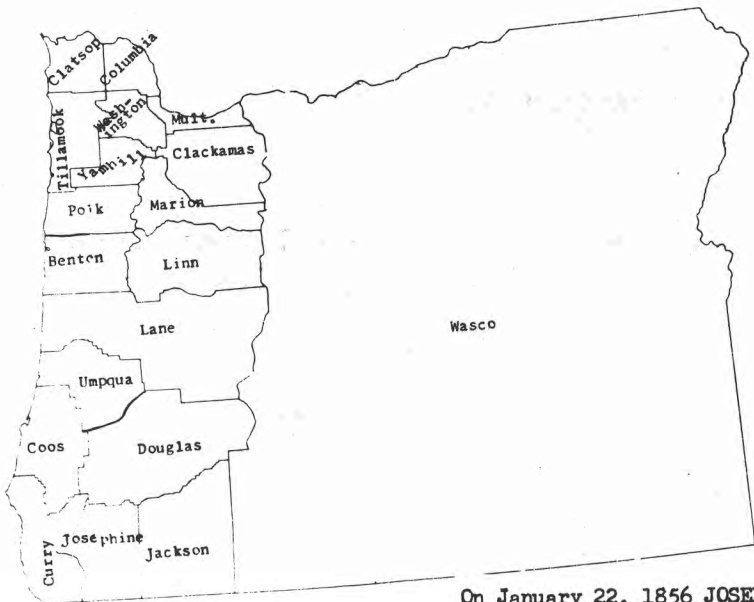

The following 5 maps show the changes in the boundary of Jackson county from its creation to the present day boundary.

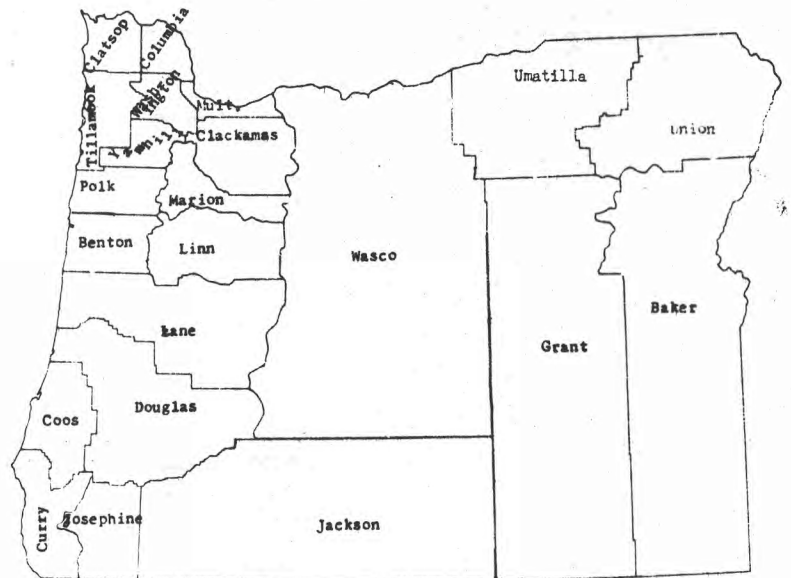

JACKSON COUNTY was created January 12, 1852. It comprised all of OREGON south of UMPQUA COUNTY to the CALIFORNIA line, and west of the Cascade Mountains to the Pacific Ocean. It was named for President Andrew Jackson.

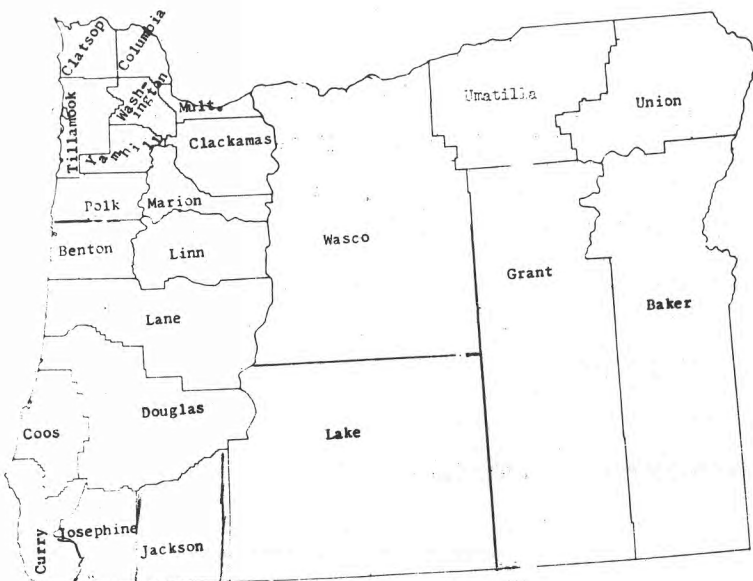

On December 22, 1853 COOS COUNTY was created out of the western portion of JACKSON.

On January 22, 1856 JOSEPHINE COUNTY was created out of the western portion of JACKSON.

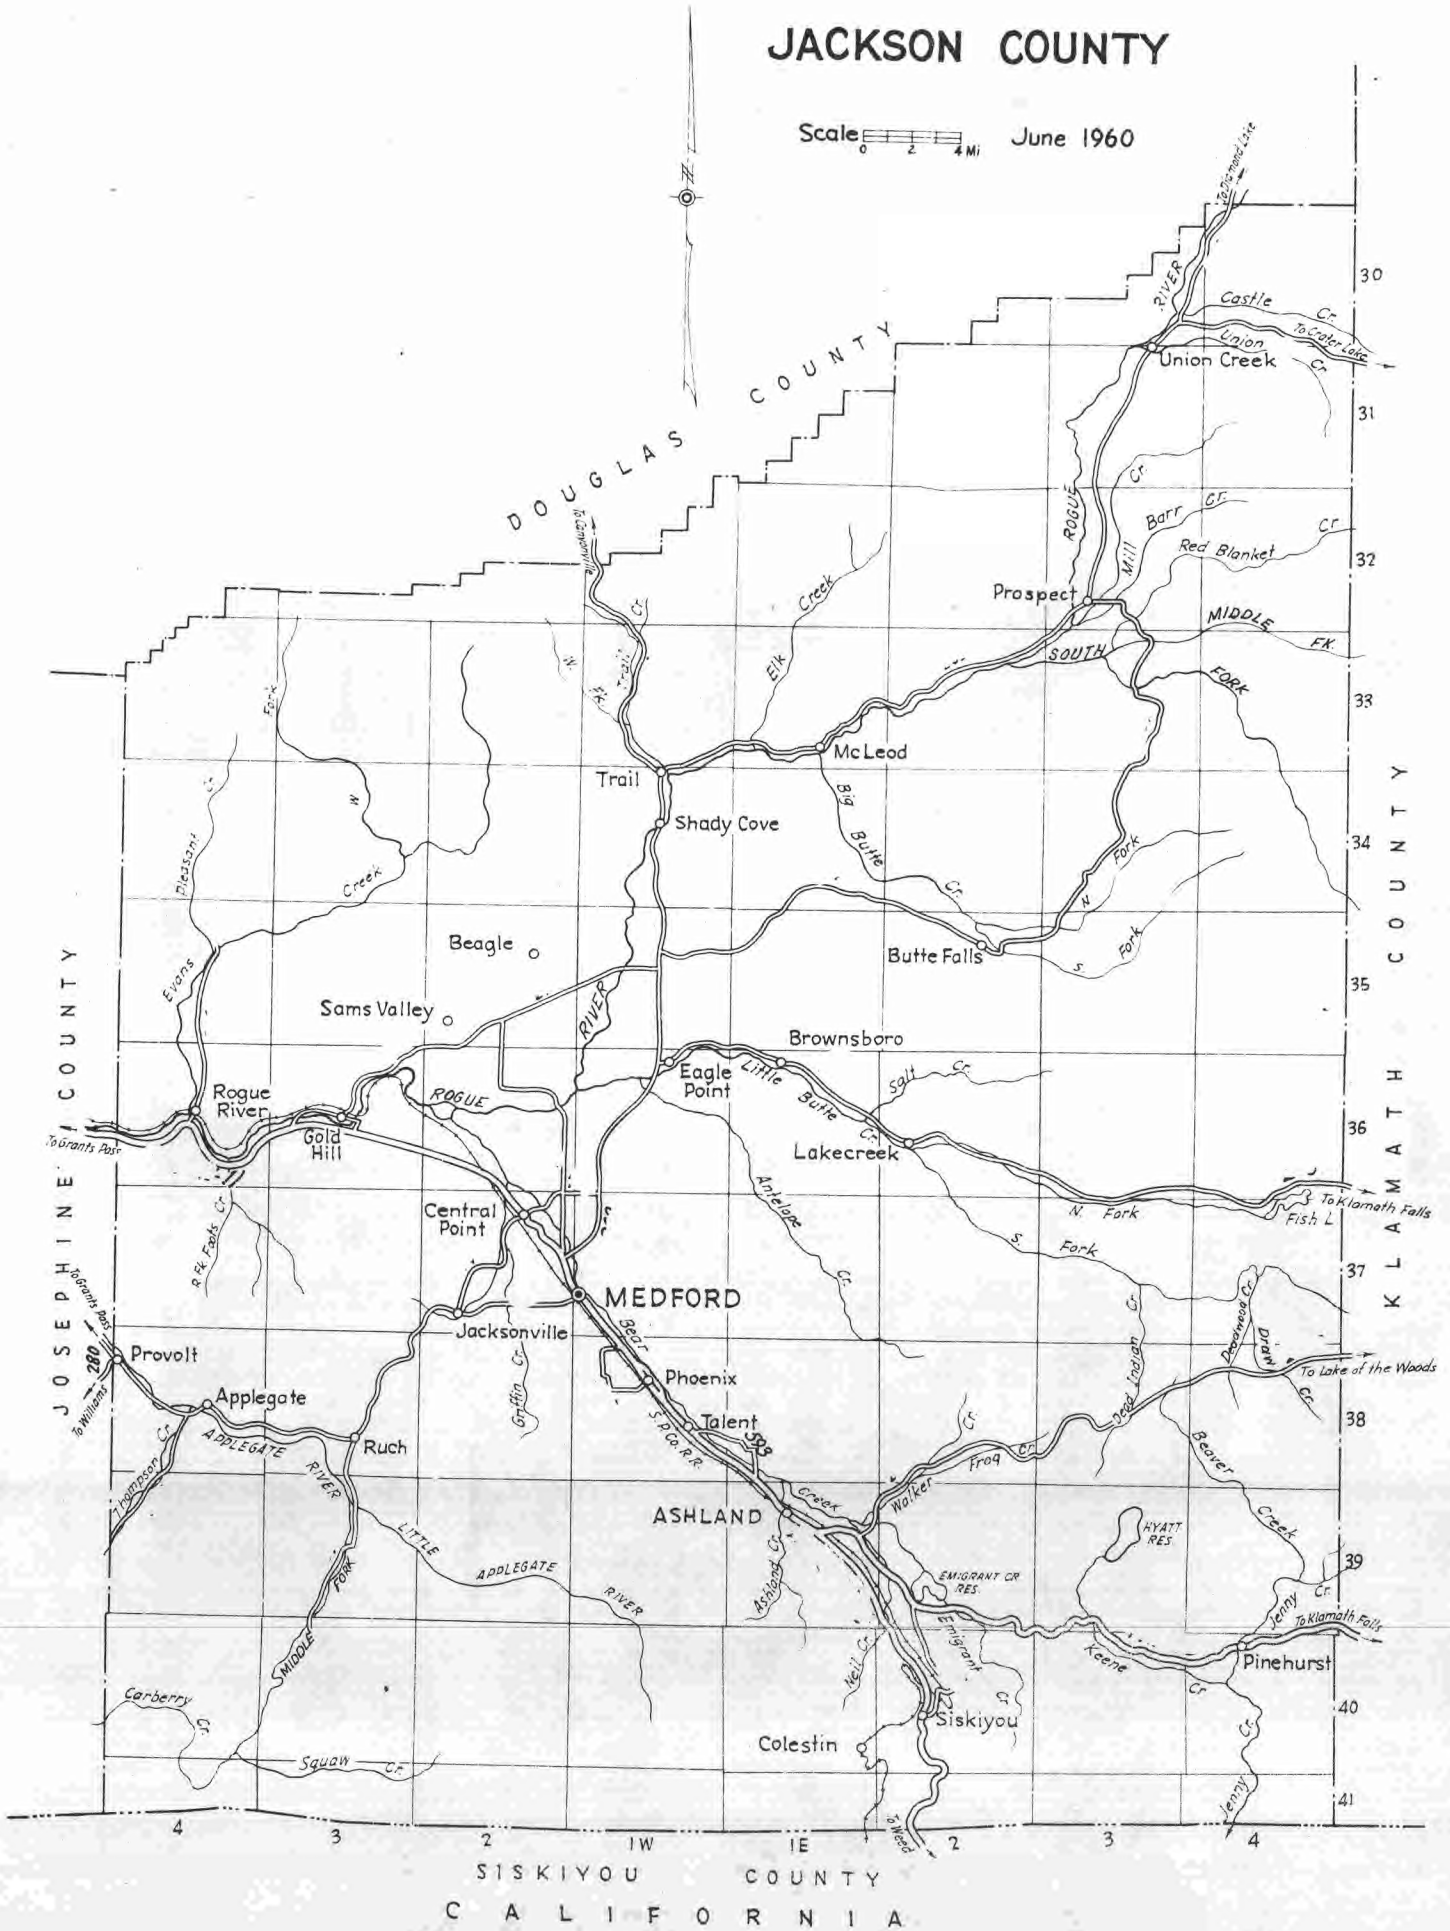

On December 18, 1865 JACKSON COUNTY was increased in size, out of the southern portion of WASCO COUNTY, extending the eastern boundary to the GRANT COUNTY line.

On October 24, 1874 LAKE COUNTY was created out of the eastern portion of JACKSON COUNTY.
