

Lincoln County Oregon Misc Items from Lincoln County Ledger 1893-1922

Lincoln County Clues: This information was found on file cards deep in our society's oldest records. With few exceptions, information was entered exactly as it was on the file cards. We don't know who compiled it, no source is cited for the notes, and we don't know if they are accurate. (We verified a few, and those verifications are noted.) They appear to be primarily items summarized from early issues of the *Lincoln County Leader*, the newspaper in Toledo, Oregon (1893-1987). Use the information with caution. Issues of the *Lincoln County Leader* from 1893-1922 can be accessed at <https://oregonnews.uoregon.edu/lccn/sn85033162/> You can also contact LCGS if you need an article that you cannot find elsewhere.
